Stages description

Day 1: Individual arrival in Trogir Trogir – Split (boat), swimming break, city tour and walk

You will be expected at Trogir harbour between 12 and 2 pm. Before departure you will receive your rental bike and go for a test ride. As the boat weighs anchor, you will get to know the crew and your fellow travellers in the relaxed atmosphere on board. On the crossing to Split, we take our first break for a swim. Split is the second largest city in Croatia and also the capital of Dalmatia. After an entertaining city tour through the alleys of the old town, you can join a walk through the forest park Marjan.

Day 2: Split – Makarska Riviera (boat), rafting tour and swimming break

This day the highlight of your cruise: the rafting tour is coming up! Abstract rock formations towering up to 180 m above the water mark the Cetina Canyon. An experienced skipper will instruct you in the technique and equipment and then you are ready to go: You will sail down the river over rapids and past waterfalls. During two breaks you can refresh yourself in the river or jump daringly from a 5 m high rock into the water. If you do not want to join the rafting tour, you will have plenty of time to visit the town of Omiš. Back on board, your ship will take you to Makarska Riviera. Makarska Riviera is best known for its fine, light pebble beaches, which are repeatedly interrupted by rugged rocky sections.

Day 3: Makarska Riviera – Kućište (boat), bike tour approx. 10 km, short hike and wine tasting

Your ship will take you to the Pelješac peninsula today. The southern Dalmatian town is not only a popular holiday destination, but also a famous wine-growing area. Famous Croatian wines such as Postup and Dingač thrive particularly well on the peninsula! A beautiful cycle route takes you from Kućište to Orebić, the largest town on the island. After a short tour of the town, you will hike to the Franciscan monastery

from the 16th century. Back in Orebić, a tasty wine tasting awaits you. Can you taste the sun over Croatia? Afterwards, you cycle back to your motor sailer.

Day 4: Kućište – Mljet island – Korčula island (boat), guided walk, boat trip and swimming break

During breakfast you will sail to the island of Mljet, which is widely protected as a national park. A guided walk will show you the beauties of the untouched nature. In the middle of the park are two salt lakes, which are only connected to the sea by a narrow channel. In the larger of the two lakes, there is a small monastery island. You will cross over to the island by boat. Hopefully you have your swimsuit with you, because the water of the salt lake is usually 2°C warmer than that of the Mediterranean. Back on board your ship, the next destination is Korčula on the island of the same name.

Day 5: Korčula island – Hvar island (boat), Bike tour approx. 15 km, cappuccino, swimming break, city walk and short hike

The island of Korčula is covered in large parts with dense pine forests. A short bike ride brings you to Račišće. However, you cycle less through the forests and more directly along the sea. In Račišće, your ship is already waiting for you. But before you go on board, we invite you to a cappuccino. The crossing to the island of Hvar is of course interrupted for an extensive bathing break. Once in Hvar, you can join a guided walk through the town of the same name and then hike to the Španjola fortress. The 20-minute climb is worth it, as you will have a wonderful view over the town and the offshore islands. Back on board, the ship sets course for one of the surrounding bays. In this idyllic place, the Captain's Dinner is on the programme today.

Day 6: Hvar island – Brač island (boat), bike tour approx. 25 km and swimming break

In the morning you will sail around the north-western tip of Hvar to the oldest settlement on the island. Stari Grad has long since relinquished its supremacy to Hvar; only the palace still bears witness to its past glory. Explore the island and the romantic fishing village of Jesla on your bike before your ship sets course for the island of Brač. The most famous beach in Croatia awaits you: Zlatni Rat, the Golden Horn. The bright beach juts out several hundred metres into the Mediterranean Sea. Bathing, splashing and swimming are especially fun at this place

Day 7: Brač island – Trogir (boat), Bike tour approx. 15 km, swimming break and city tour

A short bike tour brings you closer to the island of Brač. Of course, there will be a stop at the Golden Horn so that you can refresh yourself in the Mediterranean Sea. You will then sail around the south-west

coast to a secluded bay where lunch will be served. Take advantage of the time for an extensive bathing break, because now the last crossing of your cruise in Croatia is already on the agenda: You set course back to Trogir. The museum town with its mighty walls and fortified towers is protected as a UNESCO World Heritage Site. A guided tour of the city allows you to look into the old courtyards and explains all kinds of interesting facts about the city. You will spend the night in the harbour.

Day 8: Individual departure from Trogir

Disembarkation is after breakfast until 09.00. Then you set off on your individual journey home or get your transfer to the airport.
